

# Coin Operated Small Vending Machine

## Introduction

Coin operated vending machine is a kind of automatic mini vending machinery. As a professional manufacturer of vending equipment in China, Pukui can provide many kinds of vending machines for consumers, such as water vending machine, ice vending machine, water filling machine, and so on. This small vending machine is easy to install and maintain. It can be used for selling beverages, chocolates, snacks, cigarettes, condoms, etc. Our coin operated vending machines are well received due to its cost effective advantage, high quality and excellent after sale service. With this automatic mini vending machinery, customers can buy various goods by coins.

## Features:

1. It is equipped with an extra large merchandise viewing window. Customers can easily and clearly know some goods information.
2. Pukui small coin operated vending machines can accept five kinds of coins from different countries.
3. This automatic mini vending machinery is simple to operate and attractively designed.
4. The small vending equipment can diagnose itself automatically. The diagnosis results will be delivered promptly to the operator, which facilitates day-to-day maintenance.
5. The coin operated vending machine adopts waterproof and wall-mounted structure, which makes it convenient for installation.
6. Vendors can price individually.

## Operation and Maintenance Attentions

1. We need to know the exact dimension of the products for vending.
2. Our company provides one year warranty for the broken parts of this automatic mini vending machinery. Customers can contact us via email or phone for after sale service.

## Packaging and Transportation

We package small coin operated vending machines in carton for ordinary order. For bulk order, we use polywood cases for sea or air transportation.
